

Dear Partner,

Our organisation, Access Networks Solutions Ltd has a requirement for 2 students to start an internship with us this year.

The role is mainly technical but there are elements of business development, Account Management and Marketing. If you can please forward CVs to me then I can begin to look into these.

For your information, we are based in London at:

Access Networks Solutions Ltd  
Unit 53, The Enterprise Centre,  
Cranborne Road, Potters Bar,  
Hertfordshire  
EN6 3DQ

The internship position will be varied but can include:

- Installation of range of Sage products onto customer networks
- Consultancy on Sage product range
- Telephone support
- Software development to add additional functionality
- Web site designs and enhancements for customers
- Marketing includes an account management role
- Telesales to existing Sage customers
- Advising customers on new product releases
- Advising customers on the benefit of upgrading to new version
- Cross selling products to existing customers
- Using Sage Accounts Finance program to update customer and supplier information on products sold and payments made and received.

Please note that this is an unpaid Internship.

Regards

Chris Gee
