European Universities are transnational alliances promoting European values and identity, and revolutionising the quality and competitiveness of European higher education. In order to achieve this major step forward, the European Commission is testing different cooperation models for European Universities with two calls for proposals under the Erasmus+ programme. The 41 European Universities alliances selected under the first two calls for proposals in 2019 and 2020 are testing diverse models of the concept of European Universities and examine its potential to transform higher education. The European Universities Initiative is being fully rolled out and scaled up under the Erasmus+ programme 2021-2027.
